

PRODUCTS: GALAXY DOORS™

GALAXY DOORS™

Impact Lighting Inc. works with customers, builders, and architects to design and build specialty lit door that is unique in style and shape to enhance a home's or business' personality.

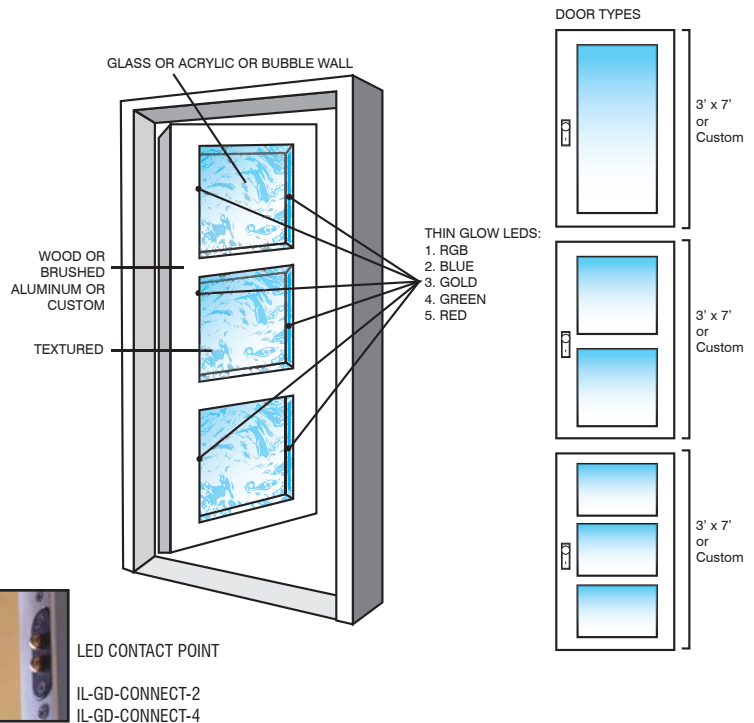

As you move through every room in your home or business, doors should complement your unique architecture and individual style – much like furnishings and décor. Whether you are building, restoring or redecorating your home or business, Impact Lighting Inc's Galaxy Doors™ offer enduring beauty and performance.
